Malachite Green & Formalin    
  Potassium Promarginate    
  Salt    
  Supaverm    
  Other: \_\_\_\_\_    
  End of Treatment

1) Fill in calendar dates on worksheet.

2) Number the treatment days starting with the number one on the day treatment is scheduled to begin.

3) Add color to boxes marked "treatment" based on what medication is to be used on each day.

4) Under "notes" write in the proper dose to be used based on the pond size.

My Pond Size Is: \_\_\_\_\_
